

**Texas Department of Agriculture
West Main Street, City Park Sidewalks, and
Downtown Guardrails
Naples, Texas
Project ID: 7215292**

Hayter Engineering assisted the City of Naples for a TDA Community Development Block Grant. This project included a sidewalk through their city park, new guardrails/handrails in the downtown square on West Main Street.

Improvements included:

- 312 LF of decorative aluminum guardrail
- 530 LF of new 4" thick sidewalk
- 38 LF of 5" thick drive approach
- 1 handicap accessible ramp

Services provided by Hayter Engineering are listed at right.

This project was constructed in 2017.
