

Repainting Interior & Exterior of the In-Town Ground Storage Tanks City of Emory, Texas

This project included the repainting of both the interior and exterior of two 150,000 gallon ground storage tanks for the City of Emory. This project was undertaken to meet Texas Commission on Environmental Quality requirements.

Improvements also included replacing a roof hatch and roof vent on one of the ground storage tanks, and replacing the manways on both tanks.

Services provided by Hayter Engineering are listed at right.

This project was completed in 2009.
