

**Texas Parks & Wildlife Department
Trail de Paris Extension - SE 8th Street to SW 4th
Street, City of Paris, TX
Project ID: #RT11017**

This part of the NE Texas Trail continues the frequently used Trail de Paris from SE 8th Street westward into Central Paris. Sections of the Trail are located adjacent to a Union Pacific Railroad spur line which required close coordination of route development. Hayter Engineering assisted the City to obtain funds from the Texas Parks & Wildlife Department for this extension of the Trail de Paris.

Improvements included 3,910 linear feet of earthwork for grading and paving; 4,889 linear feet of 4" thick crushed aggregate base; 180 square yards of new concrete drive approach; 7 ADA curb ramps; 1 handicap ramp; 25 linear feet of curb and gutter; 4,523 square yards of 1-1/2" asphalt (Type D) wearing surface; and 522 linear feet of 10 foot wide concrete sidewalk.

Services provided by Hayter Engineering are listed at right.

This project was completed in 2016.
