

Paris SMPC Addition 322 City of Paris, Texas

Hayter Engineering provided a preliminary and final plat for 5.532 acres for Paris SMPC Addition 322. In the photo above the new roadway adjoins Loop 286 by the ORR Honda Dealership and joins Levi Lane in the new development. The street is 39' wide x 7" thick concrete and approximately 1,100 linear feet in length.

Services provided by Hayter Engineering are list at right.

This project was completed in 2013.
