

**Texas Department of Agriculture
Delta County & Delta County Water, Cooper, Texas
Enloe Ground Storage Tank Repair & Enloe Pump
Station Improvements and Painting
Project ID: R729090**

This project consisted of repairs to a 33,500 gallon ground storage tank (seen in the photos above during painting and repairs and completed painting of the tank), and improvements to the Enloe pump station in Delta County.

The Enloe pump station project consisted of a new 78,000 gallon ground storage tank, disinfection system improvements, and yard piping. The existing pump station ground storage tank was repainted. A SCADA system was also installed.

Services provided by Hayter Engineering are listed at right.

The project was completed in 2011.
